

# Putzmeister® Concrete Pumps

*Katt-Kreter Pumps & Thom-katt® Pumps*

## Katt-Kreter Pumps

Designed specifically for shotcreting applications, but equally capable of handling concrete jobs, the rugged Katt-Kreter pump features large material cylinders and a 101 horsepower turbo, water-cooled Deutz diesel engine to achieve both high pressure and high volume output.

Other added features of this innovative trailer-mounted pump include twin-shifting cylinders, a wider frame for improved towing, lower hopper charging height and a large 27-gallon (102 L) fuel tank.

## TKS Series-Skid Mounted Thom-Katt® Pump

Thom-Katt pumps can be mounted on skids. A compact width and low hopper height make them especially ideal for use in mines and tunnels. Offered standard electric and optional diesel versions.

### US Specifications:

Model	Output	Pressure	Cylinders	# of Shift Cylinders
TK30S	28 yd <sup>3</sup>	1150 psi	6 X 30 in.	1
TK50S	45 yd <sup>3</sup>	1000 psi	6 X 39 in.	2
TK70S	70 yd <sup>3</sup>	750 psi	7 X 39 in.	2

### Metric Specifications:

Model	Output	Pressure	Cylinders	# of Shift Cylinders
TK30S	21 m <sup>3</sup>	79 bar	152 X 762 mm	1
TK50S	34 m <sup>3</sup>	69 bar	152 X 1000 mm	2
TK70S	54 m <sup>3</sup>	52 bar	180 X 1000 mm	2
